Heat of Your Hand Stirling Engine

The elegant [MM-7](#) is a beautiful conversation piece for your home or office. It will run indefinitely on your warm hands, or on top of any electronic device that generates sufficient heat. It will even run on the bright sunlight shining through your window. It only requires a 7.2°F (4°C) difference

between the top and base plates. The [MM-7](#) makes a unique gift for that special person who has everything. Amaze your friends, your family, your co-workers, or just yourself!

Introducing an Innovative New Product! My Oil Well–Diesel Fuel Maker

Imagine easily making your own free or cheap diesel fuel from new or waste vegetable oil (WVO) or waste motor oil

(WMO) using a new and innovative technique. [My Oil Well](#) can process a wide range of waste oils for your diesel engine, no distillation necessary.

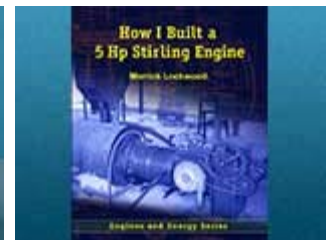

Low Cost Stirling Engine

At only **\$39.00**, our [Eco Power Stirling Engine kit](#) is an excellent price breakthrough. It's fun to build and a great introduction to the world of Stirling engines.
